## President Sets Draft Registration Date to Begin in Nation August 30

### Reds Propose Thorez Be French Premier; Schumann Resigns

### Congress May Rule States Have Title To Control Lands

### Measure Has Been Passed by House: Fight Has Crossed Party Lines Both Ways

Washington, July 20 (AP)—President Truman's challenge to Republican lawmakers to carry out their party's 1948 platform gives them a chance to nail down one plank he doesn't like.

This is a bill declaring that the states hold clear title to the oil rich coastal lands lying in a three-mile belt beyond low tide mark.

The bill already has been passed by the House, and during the closing weeks of the regular session was on the Senate Republican Policy Committee's list of desirable measures. It was crowded out in the final days, however, because of a threat of lengthy debate.

The Republican platform called for action to give the so-called tidelands to the states. The Democratic convention, despite agitation for a similar plank from the Texas and California delegations, remained silent on the point.

The administration is opposed to any such move.

But the fight actually spreads across party lines. Such Republican senators as Donnell of Missouri and Tobey of New Hampshire are strongly opposed to it. On the other hand, Democratic Senator McCarran of Nevada and Downey of California are among its most ardent supporters.

Gov. Earl Warren of California, the GOP vice-presidential nominee has taken a leading role in the campaign for congressional action, thus putting the issue into the top campaign level.

Sponsors of the legislation contend the states always considered that they held title to their tidelands until the federal government first claimed it in the late 1930's.

The Supreme Court last year ruled that California did not hold title to its submerged lands, but it left undecided exactly what rights the federal government has in giving the land to the state, but Mr. Truman vetoed it on grounds the high court still was considering the issue.

On the broader issue of rising living costs, which will be one of the most hotly debated subjects of the coming session, a tie Democratic vote was needed to give the President veto power to reimpose price and rationing controls on selective items.

"I do not believe that partial controls will work," McClellan told reporters. "If there is such an emergency as to require controls to combat inflation we will have to control not only prices, but freeze wages and salaries, return rationing controls on selective items."

### All Ulster Dogs To Be Vaccinated

### Supervisors Will Act on Rabies Prevention at Next Meeting

Matters pertaining to the vaccination of dogs in Ulster county will be acted upon at a meeting of the Board of Supervisors Thursday evening at 8 o'clock.

Since the State Department of Health has declared Ulster county an area in which rabies exists, all dogs in the county will have to be vaccinated against rabies. The county has been certified officially as a quarantine area and notice of such proclamation has been published by the Ulster county Health Department. Under the law all dogs must be confined to the owners.

### Man Reports Screen Loosened by Prowler

William Hoseny of 37 Taylor street reported to police Monday night that he suspected that a prowler has been operating in the vicinity of his home. He said that on Monday morning about 6 o'clock he saw a screen in his baby's room before leaving for work.

At 7 a. m., Hoseny said, his wife was awakened by the baby's screams and she found that the screen had been loosened and was half out of the window.

### Ex-Gildersleeve Employee Faces Charge of Larceny

A former assistant floor boss for A. H. Gildersleeve & Son, wholesale fruit and produce dealer of 615 Broadway, was arrested by police Monday, bringing to three the number of persons alleged by police to have been involved in the disappearance of a large quantity of merchandise from that market over a period of months.

Chief of Police Raymond Van Buren reported today.

William H. Collins, 29, of 16 Valley street, was taken into custody Monday morning, and after questioning was placed under arrest charged with grand larceny, second degree. Arraigned in city court today, Collins waived examination and was ordered held for grand jury.

Collins was taken into custody by Acting Sergeant William Krum of the police and Leonard Belmont of the sheriff's office at Connolly, where police said Collins has been employed in a grocery store since leaving the employ of Gildersleeve about one month ago.

Already awaiting grand jury action are two Gildersleeve drivers, James Clearwater, 23, of 110 Gage street, and Robert Bailey, 24, of 248 Catherine street, both of whom were arraigned Monday on charges of first degree grand larceny.

Fernando A. Gildersleeve, manager of the market, revealed to police that large quantities of food and produce had been periodically disappearing from his market over the past three or more months, and that this merchandise had allegedly been sold at reduced prices to retailers.

### Increase Is Granted

Pittsford, July 20 (AP)—Republic Steel Corp., of Cleveland, the nation's third largest producer, has granted a 13-cent hourly wage increase to 55,000 production workers.

President Philip Murray of the C.I.O.-United Steelworkers announced. Murray said the Republic agreement was made yesterday under the same terms as the wage boost pact reached with U. S. Steel last Friday. U. S. Steel granted hourly wage increase of 9 1/2 to 25 cents, averaging 13 cents.

### Labor Is Expected to Drive For Power Within Japan

Tokyo, July 20 (AP)—A new labor drive for political power can be expected to follow last night's attempt to assassinate Communist leader Kyuichi Tokuda.

Behind that will be a sharper clash between radicals and conservatives, with only the presence of General MacArthur's troops preventing what MacArthur himself once predicted could be a "blood bath."

### Arabs, Jews Name Each As Violators

Jews Say Fighting Goes on in Northern Area on Third Day of U.N. Truce

### Cairo Is Bombed

'Aerial Mine' Explodes, Damages Theatre, Two Stores

Cairo, July 20 (AP)—Jewish sources in Haifa said today fighting still was going on in northern Palestine on the third day of the truce imposed by the United Nations.

A main Cairo thoroughfare was blasted last night when a single unidentified plane raided the Egyptian capital. Investigators of the Egyptian interior ministry and explosives experts said the plane dropped an "aerial mine" which damaged a motion picture theatre and two department stores.

Premier Mahmoud Fahmy Nokrashy Pasha left a cabinet meeting and rushed to the scene of the explosion. He told newsmen: "This plane proves to have been a Zionist plane and such an action is repugnant to the Zionists, we will reply immediately."

The Israeli government said it was not one of its planes. A spokesman in Tel Aviv said Israeli planes dropped bombs over Cairo July 15 and "no Israeli plane has been in the vicinity of Cairo since."

Cairo was under an air raid alarm from 9:45 to 11:10 p. m. (G.M.T.). The throwing of a central switch blacked out the city. Anti-aircraft guns went into action.

The Egyptian investigators said the Metropole Cinema, which had been closed for the summer season, was wrecked and the Clouet and Oreo department stores were extensively damaged. First estimates said two persons were killed and 17 wounded.

The Haifa informants said Syrian troops again tried to cross the Jordan river near the Sea of Gull, but were repulsed by the 15th and 16th garrisons in the area. Israeli planes raided Syrian troop concentrations in the Banias area, of Syria.

The Israeli air force also was said to have heavily bombed Arab positions in the Jewish sector of central Palestine. Police action against Arab villages south of Haifa still is going on after the Arab made a day long attack on the Haifa-Tel Aviv road, the Jewish informants said.

A Syrian communiqué accused the Jews of violating the truce Sunday night and Monday morning. The Syrian foreign office has protested to Count Folke Bernadotte, the United Nations mediator. The Jews have accused the Syrians of truce violations.

Damascus had a 40-minute alert last night, but no raiding planes were seen in the sky. A Syrian communiqué issued later said a four-engine enemy aircraft dropped a number of bombs inside Syria hitting El Kuneitra and the El Kuneitra-Banias road. The bulletin said the bombs caused no damage.

A Jerusalem dispatch said the Holy City was comparatively quiet yesterday after eight days of Arab-Jewish fighting, but the soldiers on each side were staying close to their rifles. Four Jews were reported killed in sporadic outbreaks.

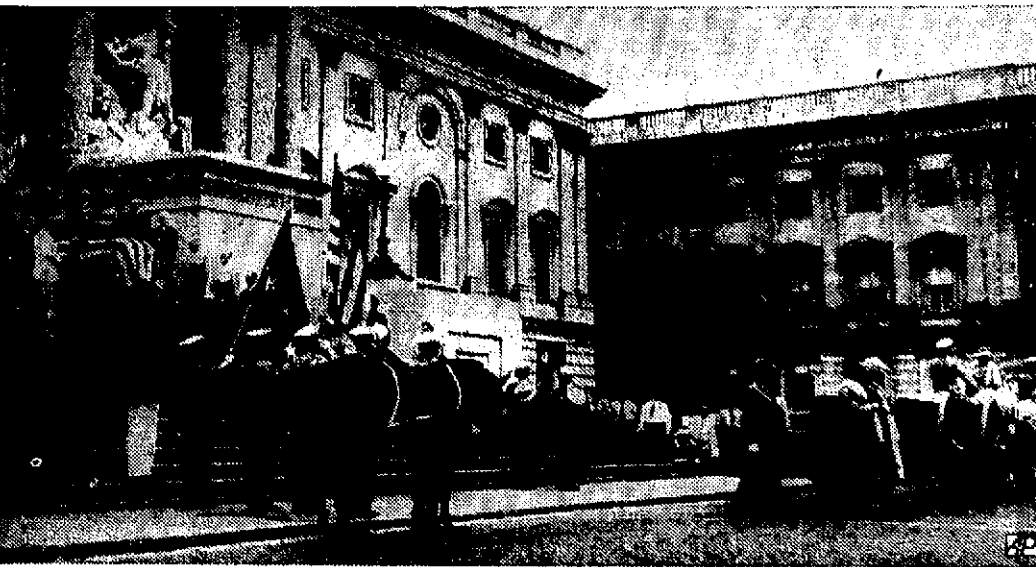

Israeli units attacked Arab Legion positions in Jerusalem's Meah Shearim quarter for 90 minutes late in the day. Jewish and Arab commanders were to confer today with U. N. Security Officer Frank Bogley over front lines.

### Milk Price Is Cut

New York, July 20 (AP)—City Investigation Commissioner John M. Murphy said today that 75 Brooklyn retailers have just cut homogenized milk below the standard 23 cents per quart. Murphy said a survey by his staff revealed reductions to as low as 19 cents a quart.

On the other side, arch conservative politicians and industrialists are fighting to preserve their own power and such remnants of old Japan as a strong imperial court. Both sides have strongmen men and a faith in force. This is what MacArthur meant when he said "a blood bath" could occur.

### Car Liability Is Decreased in City

### Kingston Fortunate in New Insurance Setup; Young Drivers Poor

Motorists in Kingston and vicinity were more fortunate than in many communities under the new automobile liability insurance rates which became effective on Monday, July 19, in that the increases for personal liability and property damage were slight. In two classifications there were slight reductions in the cost of the policy.

There was a reduction of \$1.20 for the standard \$5,000 to \$10,000 personal liability and \$5,000 personal property damage policy where the car is driven not to exceed 7,500 miles a year and there is no operator under 25 years of age. The old policy classified these drivers as A-1 and the old rate was \$38.20. The new rate for this A-1 policy is \$37 with the same restrictions.

Also in the new A-2 policy classification there is a reduction of \$1.55 over last year's rate. The old classification as known as class A. Under this type of coverage the owner had no operator under 25 and there is no limit to the mileage. The old rate was \$45.55 and the new rate is \$44.

Under the old B classification, which was for pleasure and business, the rate was \$50.00. The new rate for business is up to \$52.50. There is no limit as to mileage driven or the age of the operators.

A new classification has been added under the new rules known as A-3. This takes a rate of \$51 and there is no limit as to mileage driven during a year or any age restrictions on drivers but the vehicle is not to be used for business.

All of the above rates, supplied by a local insurance agency, is for the standard \$5,000-\$10,000 personal liability and \$5,000 property damage policy.

These rates apply to Kingston and most of the county, including villages. There is a slight reduction in premium in some of the outlying areas of the county. This difference amounts to approximately \$1 and applies to a few areas where the accident rate has been low.

In announcing the new rates the New York State Insurance Department reported the increases were due in part to the higher court awards and claim settlements.

### Edict Sets Times for All Groups

### Proclamation Calls Upon Governors of States, Territories to Comply With Program

### No Induction Date

### Nothing Definite Given as to When Men to Be Called

Washington, July 20 (AP)—President Truman today issued a proclamation calling for the draft registration to start August 30.

On that date, persons born in 1922 after August 30 will register. The proclamation also fixes the following dates for the registration of other youths between the ages of 18 and 26:

1. Persons born in the year 1923; August 31, and September 1.
2. Persons born in 1924; September 2, and September 3.
3. Persons born in the year 1925; September 4 or September 7.
4. Persons born in the year 1926; September 8-9.
5. Persons born in the year 1927; September 10-11.
6. Persons born in the year 1928; September 13-14.
7. Persons born in the year 1929; September 15-16.
8. Persons born in 1930 before September 19; September 17-18.

Boys born on or after September 19, 1930, under the proclamation, will be registered on the day they are 18 years old or within five days thereafter.

The President's proclamation called on the governors of each of the states and the territories of Alaska, Hawaii, Puerto Rico and the Virgin Islands and the commissioners of the District of Columbia to comply with the drafting program to "accomplish effective and complete registration."

There was nothing in the proclamation to indicate when actual inductions into the armed services will begin. By law, the draft can't start until September 22. That is 90 days after Mr. Truman signed the Selective Service Act.

Selective Service officials may make their first draft grab at 25-year-olds—who otherwise would be ineligible after one more birthday.

Maj. Gen. Lewis B. Hershey, Selective Service director during World War II, made that known yesterday as he was sworn in as head of the new draft setup.

The draft law passed by Congress last month requires men 18 through 25 to register, although none can be drafted until reaching 19. Hershey told a news conference after the swearing-in ceremony:

"There has been quite a little discussion of starting with the older ones first."

Hershey said he does not know how many men will be needed, or when they will be called up. The law says drafting cannot get underway until September 22.

### No Rabble Rousers Wanted

Columbia, S. C., July 20 (AP)—Gov. J. Strom Thurmond of South Carolina, the presidential candidate of rebellious southern Democrats, says the advocates of states' rights neither need nor want the aid of "rabble rousers." Thurmond yesterday refused an offer of support from Gerald L. K. Smith, leader of the Christian Nationalist party, with these words: "We do not invite, we do not need, the support of Gerald L. K. Smith or any other rabble rousers who use race prejudice and class hatred to inflame the emotions of our people."

## Japanese Beetle Extermination Is Outlined by Baran

Means of combating the Japanese beetle are outlined in the following article released today by Walter Baran, assistant Ulster county agricultural agent:

Japanese beetles can do considerable damage to fruit trees, grapevines and ornamentals if not controlled. D.D.T. is one of the best insecticides to use. For a large dosage use two pounds of 50 per cent D.D.T. wettable powder to 100 gallons of water or 1 1/2 ounces to 5 gallons of water. It is well to make the D.D.T. into a paste before putting it into the sprayer. D.D.T. dusts of three to five per cent concentration may be substituted for sprays but will require more frequent applications.

D.D.T. must be used with care. If improperly used it can poison birds, fish and be a hazard to higher animals. The spray may mottle some flowers, noticeably roses. Here are some helpful hints: Do not apply D.D.T. indiscriminately; Japanese beetles feed only on selected plants. Avoid spraying blossoms in the hours when bees are most active on them. Do not spray D.D.T. on leaf surface later to be eaten by man or beast. Do not use on berry bushes in summer until after the berries are picked. Don't spray D.D.T. on tree fruits less than three weeks before harvest unless the fruit is peeled.

Repellents can be used where D.D.T. is not advisable, such as in hydrangea spray, lime, Fernitol, Karban and Zerlate. These materials do not kill the beetles, only repel them due to the odor and other factors.

to rationing of all commodities and allocation of materials."

McClellan said it is his personal opinion that the situation is not that serious. But the President, he added, may have weighty new information on the international situation not generally available to Congress.

A somewhat similar view was expressed by Tobey. In an address before the Concord, N. H., Kiwanis Club yesterday, the New Hampshire senator said it may have been the "acute Russian situation" that led to the session call.

"It can't be argued, such as the politicians can't get people to forget that fact by talking of other things."

Tobey, who frequently is at odds with his G.O.P. colleagues in the Senate, had this to say of the rising cost of living:

"It can't be argued, such as the politicians can't get people to forget that fact by talking of other things."

## American Is Killed

Seroul, July 20 (AP)—Koreans firing from a border ambush killed one American enlisted man and wounded another, then fled into Russian-occupied North Korea, a U. S. Army statement said today.

An unknown number of attackers, in civilian clothing, hid in a cornfield 400 yards inside the American Zone. As five Americans approached yesterday, the Koreans threw grenades and opened fire with small arms, then fled into the distance.

The scene of the attack was near Kaesong, northwest of Seoul. Names of the American casualties were withheld.

## Cost Exceeds Services

Washington, July 20 (AP)—Foreign aid is costing Americans more this year than the total outlay for schools, police and fire protection and similar local services.

Paul G. Hoffman, who is directing the European Recovery Program, made this assertion today in a radio address to be beamed to Europe by the World Wide Broadcasting Foundation. The economic cooperation administrator, striking back anew at Communist criticism of the aid venture, declared: "No Communist claim has been more ridiculous than the charge that we are dumping surplus on Europe."

McAnney Is Promoted

New York, July 20 (AP)—B. O. McAnney, for 15 years city editor of the New York World-Telegram, today was named managing editor. William D. O'Brien, day city editor, was named city editor. Lee B. ## Financial and Commercial

New York, July 20 (AP)—The stock market regained its balance today after a three-day spin that sent prices skidding downward at high speed.

Oils developed the most strength on the comeback, with railroad and metal issues running close behind.

Advances ranged from fractions to an extreme of 6 points. A handful of minus signs spotted the list.

Trading started rapidly but, soon slowed.

Superior Oil of California jumped ahead with a 6-point gain, following a 20-point plunge yesterday.

Also marked up were Nickel Plate, Texas Co., Gulf Oil, Mission Corp., Standard Oil (N.J.), Illinois Central, Southern Railway, N. Y. Central, U. S. Steel, General Motors, Curtiss-Wright, Schenley, American Smelting, General Electric, Allied Chemical, International, Southern Pacific, and U. S. Rubber.

Railway obligations steamed in the bond market and U. S. Government issues charted a narrow course in over-the-counter dealings.

In the curb higher prices were paid for Pantepco Oil, Cities Service, and Niagara Hudson Power.

## Stassen Will Visit Dewey To Assist in His Campaign

Pawling, N. Y., July 20 (AP)—Harold E. Stassen is headed here to lend a campaign hand to Gov. Thomas E. Dewey.

The former governor of Minnesota is flying today from St. Paul to New York city, and tomorrow he will motor to Dewey's Pawling farm for a luncheon conference with the Republican presidential nominee.

Stassen, an unsuccessful candidate for the nomination, said last night at St. Paul that Dewey had telephoned to invite him for the conference.

They will talk over the conduct of the election campaign and the issues to be stressed.

They also may discuss Republican strategy to be followed at the special session of Congress convening next Monday at the call of President Truman.

Dewey's views on the special session and the legislation proposed by his Democratic opponent, President Truman, are awaited by the Republicans. Mr. Truman's proposals include price controls, low-rent housing, civil rights and extension of social security.

Dewey said last month at the close of the 80th Congress, that he did not believe a special session was necessary.

The governor will not go to Washington before or during the session, it was learned authoritatively. He is believed to be conferring with G.O.P. congressional leaders by telephone.

Dewey met with Senator Robert A. Taft, G.O.P. policy leader of the Senate, in New York last week before the Ohioan left for a vacation in Quebec and before Mr.

Truman had announced the special session.

Dewey discussed campaign problems with Taft, his principal rival for the Republican presidential nomination. The meeting pointed up Dewey's avowed desire to blend all Republican factions into a harmonious campaign organization.

**Same Objective**

The huddle with Stassen also is designed toward that objective. Their meeting tomorrow is expected to include discussion of Stassen's role in the campaign.

A Dewey aid indicated the Minnesota's assistance would be greatly welcomed by the governor.

Bitter rivals in four presidential primary contests, the two "made up" at Philadelphia shortly after Dewey won the nomination. Stassen went to Dewey's headquarters and promised to campaign for him.

In the near future Dewey will see Senator Arthur H. Vandenberg, House Speaker Joseph W. Martin Jr., and House Majority Leader Charles A. Halleck. The separate conferences will take place at Pawling, New York or Albany.

Dewey will be host to more than 100 farm editors from all parts of the country at a dinner here Saturday noon. Guests will include Senator George D. Aiken of Vermont and Rep. Clifford R. Hope of Kansas.

Aiken is in line to succeed the retiring Senator Arthur Capper of Kansas as chairman of the Senate Agriculture Committee.

Hope has been mentioned for appointment as secretary of agriculture if Dewey is elected. He is prospective chairman of the House committee on agriculture.

event. Some will be for the winners at golf in the afternoon.

The dinner, to be served buffet style to add to the informality, will start at 6:30. There will be dancing.

The committee in charge of this event consists of Herman Rafalowsky, chairman; Henry Singer, Louis R. Netter, George W. Schneider, Arthur London, and Albert Flanagan. Netter and Flanagan will serve on the reception committee and George W. Schneider will supervise the golfing matches.

## Cornell, Companion Return to Long Island

Massapequa, N. Y., July 20 (AP)—Stevens Cornell, 29-year-old sportsman, had a wonderful time fishing in the Canadian wilds, blissfully ignorant that the planes he saw overhead were searching for him and his companion, a 16-year-old Brooklyn Boy Scout.

Cornell and his companion came out of the forest at Maniwaki, Quebec, picked up Cornell's automobile which had been left at a

village garage, and drove home to Long Island yesterday. An erroneous report that they were long overdue on a fishing trip 125 miles northwest of Montreal had led to a widespread search by ground and air.

Cornell's mother-in-law, Mrs. George Beeg, of Massapequa, said the pair had not known they had been reported missing.

## Shop Amendment On Barber Hours Invalid, Says Court

An amendment to a Poughkeepsie ordinance which fixed opening and closing hours for barber shops and hairdressing establishments at 8:30 a. m. and 8:30 p. m. was declared unconstitutional and invalid in a ruling Monday morning by City Judge Corbally of Poughkeepsie.

The judge, in his ruling, declared only the amendment invalid but not the original ordinance. The effect of his decision, he said, was to revive the ordinance of February 20, 1939, which fixed the work hours for barbers and hairdressers at 8 a. m. to 7 p. m.

The court's decision came in connection with a case against Pasquale Martelli of 76 Washington street, who was accused by Philip LaSusa, president of the Barbers' and Hairdressers' Local of Poughkeepsie, of opening his shop at 38 Cannon street at 8 a. m. instead of 8:30 a. m. The defendant was discharged by the court, which upheld Martelli's contention that the amendment "is unreasonable and arbitrary."

Judge Corbally said that he failed to see how any injury to the public health would be inflicted by the cutting of hair between 8 and 8:30 a. m., or how any injury to the public caused by the cutting of hair would be avoided or minimized by keeping barbershops closed from 8 to 8:30 a. m. and leaving them open all day.

In Kingston, an ordinance similar to the one enacted in Poughkeepsie in 1939 has been requested by local master and journeymen barbers. The matter now rests with the Laws and Rules Committee of the Common Council.

Apparently Judge Corbally's ruling upholds the constitutionality of such an ordinance, since it was the amendment and not the original ordinance in Poughkeepsie which he declared invalid. In one part of his ruling, the judge said, "The barbering and hairdressing businesses are not charged with a public interest. This, however, does not mean that such businesses do not have a direct relation to public health and cannot be regulated by proper legislative enactment."

No comment on the Poughkeepsie ruling was available this morning from local barbers' union officials.

## Officials Begin Check of Accounts In Judge's Case

Newark, N. J., July 20 (AP)—State officials began a check today of bank accounts of prominent persons who had dealings with former Newark Police Judge P. James Pelliccia, Jr., admitted embezzler of \$657,000 in bank funds.

It was part of a widened probe ordered by Gov. Alfred E. Driscoll, who alerted all New Jersey law enforcement agencies to join in investigation of the activities of the good-looking, 38-year-old ex-city official.

"No one will be shielded," Driscoll promised. "And not the least of our interest," he said, "is how it was possible for a police court judge to gamble away that much money and where."

It was just a week ago today that Pelliccia, recently named "the nation's best-dressed jurist," was arrested. He frankly admitted that he had taken the funds from the Columbus Trust Co., where he served as vice president and counsel.

Pelliccia's calm disclosure of how he created fictitious mortgages to defraud the bank over a 2½-year period caused a sensation in the state.

A telephone tipster was responsible for disclosure of the bank irregularities, state banking officials announced. If Pelliccia hadn't confessed, they said, it would have taken bank examiners months to discover the extent of the swindle.

The investigation, in charge of the Essex county prosecutor's office, was moving into high gear with the questioning of scores of witnesses, business and political associates of the former judge.

The ex-judge's admission that he had squandered the money on horse race bets led to a roundup of bookies with whom Pelliccia said he had placed bets.

Bank depositors have been assured that their funds are guaranteed and the Columbus Trust Co., has been operating in the hands of state banking officials. Pelliccia, meanwhile, was taking in stride his new life in the Essex county penitentiary, a cellmate of numerous men he himself had sentenced.

His hearing for release on bail had been postponed until next week to give the prosecutor's office a chance to conduct its investigation.

Pelliccia resigned the judgeship when he was arraigned July 13 on 20 counts of embezzlement. He pleaded guilty as charged, facing a maximum sentence of 140 years on all counts.

Pelliccia had served as police judge in Newark since 1945. His salary for the post was \$6,000-a-year and he earned another \$3,000 as counsel for the bank, which was controlled by members of his family.

**DEAR OLD ULLSTER**  
In the land of Dear Old Ullster, In the valleys, by the streams, Where the folks all toil and labor And the sun, in glory, beams, There we find peace and contentment, Amid the mountains and the fields, With our trusty dog and rifle, Or our fishing-rod and tackle.

Among the Shawangunks and the Cats, Along the winding mountain trails, Are the feeblest of stags and doe And the birds all about the walls. The mighty oaks and stalwart pines All stand in giant splendor, And make one feel the joy of life, To their beauty we surrender.

The ripple of the waterfall, As it winds its lazy way, To the Rondout through the valley, Is a song at once of joy, The lapping waters of the Rondout, As they flow on Hudson-bound, Or the rocks and mills of Ulster, Are a sight beyond renown.

We should all be very thankful If in Ulster, we abide, For this little bit of heaven, May we never be denied. In this land of peace and plenty, Far from suffering and strife, We shall work and play together 'Till time ends our earthly life.

Near forget the name of Ulster, The you roam both far and wide, Make your visits to your homeland Frequent as the coming tide. Make your home, as one among us, Never more you'll want to roam, From your freedom and the haven Of your Ulster County home.

# EAT WELL for Less

iced Tea Is Simple, Cheap

Refreshing iced tea—an inexpensive summer hospitality beverage.

By L. W. MADDOX  
Staff Writer

Tea, either iced or hot, is an ideal hot-weather drink. As an afternoon beverage or a between-meals pick-up, tea is a traditional favorite. Tea experts claim that it is one of the least expensive beverages, costing less than one cent a cup.

Actually, it is easy to make and simple to serve. These are the five steps recommended by the tea experts of the Tea Association of the U. S. A. for making a perfect cup of tea or a perfect iced tea.

1. Use a clean glass teapot.
2. Use one teaspoon of tea or one tea bag or each cup served.
3. Pour a fresh, boiling, briskly boiling water.
4. Allow to stand for five minutes.
5. For iced tea, pour into glasses filled with ice.

The experts have also developed a simple method of making a pitcher of iced tea at a time. Based on a 16-ounce concentrate, it requires 16 cups of water to be added and one cup of tea. To make iced tea in a pitcher:

1. Put eight teaspoons of tea or eight tea bags into a teapot and pour one pint (two glasses) of fresh boiling water.
2. Allow to stand for five minutes. Stir, and strain into a serving pitcher.
3. Add one and one-half pints (four full glasses) of cold tap water and let stand at room temperature until ready to serve.
4. Fill glasses with ice and pour.

## SHOKAN

Shokan, July 19 — Preaching services were conducted in the Olive and Hurley O.S. Baptist meeting house Sunday by Elder Amasa Slawson of Kingston. The Baptists, according to their custom of long standing, brought their lunches with them and held both morning and afternoon worship. Among the out of town residents coming here for the services were Mr. and Mrs. Abner Moore of Halcottsville.

Justus North and Son, local building contractors, assisted by John Bush of Alwood, continue the work of remodeling the buildings on the Watson Hollow summer estate of Peter Cooper of Philadelphia. The local men have been engaged at this job since last year.

Leonard Colange, retired Boiceville general storekeeper, recently appeared before the members of the board of education of Central School District No. 1, to supply information about the school house site which he has for sale along Route 28 and the Esopus Creek. It is understood that the committee on sites, which includes Albert Fos, of Olive, has under consideration several central schoolhouse sites including that of Mr. Colange. Location of the big school at Boiceville (near the old C.C.C. Camp) would be a fine thing for Olive and it is also convenient to those sections of Shandaken and Woodstock which will be embraced in the new project. The board has voted favorably on "Ontona" as the name for the school, the move being subject to approval by the state board of education. Thus, with a sizeable educational institution and an arterial highway being created "Ontona" it will not be surprising if, some day, the Catskills, or Mountains of the Sky, also revert to this, their Indian nomenclature.

**Looking Backward**  
Monday, July 19, 1915: Samsonville—Floyd Gillespie, Lake Katrine live stock dealer, formerly of Modena, has been buying cattle in this section and now has a fine herd of 25 head at John Kelder's, ready to be driven to Kingston. . . . Wittenberg—Mr. and Mrs. Herbert Markie and daughter, Edna, of Kingston spent the week-end at the R. A. Shults home. . . . Kingston—Sudden rain of Esopus Creek following opening of Ashokan reservoir gates caused considerable damage below city. Torrent swept away boats and

damaged steps and floats. Near Hurley a picnic party became soaked on opposite sides of the creek. . . . Samsonville—One of E. H. Shurtler's cows was killed by lightning last week.

**Having a Birthday:** Margaret Winchell, Thursday, July 22, Margaret has been a resident of Shokan since early girlhood. As local distributor of The Freeman and the metropolitan newspaper, and in her capacity of assistant at the corner store, she is well known to most Olive residents and hundreds of visitors to this section.

**Olds & Ends**  
It is hard for rural residents to account for that curious mental twist which prompts summer visitors to shoot at a target placed against a background of woods and bushes, rather than against a hillside where the visibility is good. Yet this is a common practice by city boys and young fellows who ought to know better. Over in Springtown a farmer lost one of his prize cows as a result of being hit by a .22 calibre slug. Accidental, probably, but none the less deplorable for all that. The writer has seen boys shooting their small-bore rifles towards the woods only this summer. Think you of all the cattle browsing or standing around in thickets where the flies and heat are less bothersome, and of the humans who walk and picnic in the woods. A .22 bullet that can plow through several boards aggregating six inches in thickness at 30 feet, can also do considerable damage to animal life half a mile away. There "oughter to be a law."

**McKENNEY ON BRIDGE**  
Smart Defense Play Defeats Game Bid

BY WILLIAM E. MCKENNEY

Written for NEA Service

When the national championships tournament opens at the Hotel Stevens in Chicago, July 31, there will be a large delegation, of Cincinnati, O. Last year Frank Weissbach, of Cincinnati, and Allen Harvey of Louisville, Ky., won the world championship masters' prize event. Cincinnati has many other players who think they are just as good as these two boys, but the champions will be a hard pair to beat in the coming tournament.

Harvey is popular, but his opponents should not allow his little smile to deceive them, because he is always on his toes. Here is a defensive play that I saw him make on today's hand.

Declarer was in a three no-trump contract, and he won the opening lead of the heart seven with the ace when Harvey (East) went up with the queen. Now South led the seven of clubs and finessed dummy's nine-spot. A careless East player might win this trick with the jack, then lead the king of hearts and another heart, clearing the heart suit. But then all declarer would have to do, when he was in with the jack of hearts, would be to lead another club, go up with dummy's ace and lead the jack of diamonds. This would give him two spades, two hearts, four diamonds and a club trick.

Harvey knew that he had to throw the declarer off that line of play. He won the nine of clubs with the king and led back the king of hearts, followed by the ten of hearts. Now when South got in, he could not figure Harvey for the jack of clubs, so he led another club, finessed the ten-spot, and down he went.

### BIRTHDAY CARD SHOWER

The following question is going to have widespread interest: "Do you think it would be out of place for me to send a card to our many scattered friends reminding them of my father's 80th birthday, in case they might wish to send a card? I hesitate and yet I know it would give him such very great pleasure!"

It would be most appreciated and would give his friends as much pleasure to send these cards as it certainly will give him to receive them. Send your "reminder" at least a week in advance of your father's birthday so as to give his friends plenty of time to find cards with especially suitable messages.

### Announcing Engagement Before Divorce

Dear Mrs. Post: Does good taste require that I wait until my divorce becomes final to announce my intention to marry someone else? I have my interlocutory decree but have yet to finish out part of the required year before I can marry.

Answer: Nothing could be in your taste than to announce your engagement before your divorce is final.

### Be Definite When You Invite

Dear Mrs. Post: When people are invited to Sunday dinner at midday, shouldn't they take for granted that we expect them to stay the rest of the day? I'm told this is not so and that they were justified in leaving an hour afterward—leaving us with no other guests and extra food for the evening meal.

Answer: There may be some communities where it is customary to consider a midday invitation as meaning the rest of the day and the evening meal as well. But according to conventional usage, people would be expected to do exactly as your guests did, unless they had been invited specifically to come for midday dinner and remain for evening supper.

### Cocktail parties are very popular.

## Lewis Is Praised As Forceful Mayor; Active Republican

Charles W. Lewis, who for six years ending in 1923 was principal of Kingston High School and who for the past year has been mayor of the village of Canton, N. Y., was praised as an aggressive mayor, who has done much toward solving the problems of that place, in a recent article in the Canton Commercial Advertiser.

According to the article, Lewis returned to Canton to retire after many years of service in the educational field. In March, 1947, he was prevailed upon to accept the Republican party nomination for mayor, and was later elected without contest.

At the time, Canton faced many problems and Mayor Lewis "hopped to the job," the Commercial Advertiser commented.

"Mayor Lewis hasn't been appalled at the job which he has faced and still faces. The water question is being investigated, meters are ready for use in the fall, other sources of water supply and expansion are being studied; the zoning ordinance is working; the mayor is now deeply engrossed in the street parking project."

Lewis, who when in Kingston resided with his wife and two daughters at the corner of Henry and Furnace streets, is well remembered by local persons. He came from Gouverneur in September, 1917, to become principal of

the new high school which opened its doors just two years earlier. He remained until November 1, 1923, when he was succeeded as principal by B. C. Van Ingen.

Leaving Kingston, he became principal of the high school at Woodbridge, N. J., for about three years, then returned to this state where he served in various places until his retirement several years ago from his position as superintendent of schools in Frankfort.

With his retirement he returned to Canton, where he had started his career as principal of Canton High School more than 40 years ago following his graduation from Hamilton College.

Mayor Lewis now lives in Canton with his wife and younger daughter, Mary, whose husband, Clarence Gray, died about a year ago. Mrs. Gray, the mother of two young children, will enter the teaching profession this fall, having received a master's degree at St. Lawrence University.

Ruth, the older of the two Lewis daughters, is now Mrs. Emerson Van Deusen and resides in Teaneck, N. J. She also has two children, the older of whom is preparing to enter St. Lawrence in the fall.

About two months ago, Mr. and Mrs. Lewis paid a visit to Kingston, staying overnight at the home of Mr. and Mrs. W. H. Niles of 193 Pearl street.

## Student Gamblers to Make World Tour for Science

New York, July 20 (AP)—The two college youths whose mathematical system beat roulette wheels in Reno and Las Vegas will use their winnings to finance a five-year, "round-the-world trip for scientific purposes."

Albert R. Hibbs, the 23-year-old mathematical wizard who worked out the dollar-winning system, and Dr. Roy L. Walford, his companion at the gaming tables, announced their plans yesterday.

They are in New York to buy a seaway schooner and said they want to do research in tropical medicine, biology, zoology and botany.

Hibbs, of Chillicothe, Ohio, has a bachelor's degree in physics from the California Institute of Technology, and a master's degree in mathematics from the University of Chicago.

Walford, 24, of San Diego, Calif., has earned his bachelor's degree in biology and a doctor's degree in medicine from the University of Chicago.

Hibbs and Walford never disclosed the amount of their winnings, but Hibbs said they do not expect to run short of funds during the five years they hope to be touring the world.

They said they would not go out of their way to try their gambling system in other parts of the world, but added: "We won't avoid it." They said they expect to visit the world-renowned Monte Carlo "towards the end of the trip."

# Bridgeport Bees Edge Colonials in Eleventh Inning, 2 to 1

## Three Unearned Runs Decide Sensational Pitching Duel

Opportunity knocked several times for the Colonials in last night's titanic 11-inning duel against the Bridgeport Bees before 800 at municipal stadium, but each time they passed it up.

Eventually, as must happen in every ball game, the other fellow picked up the marbles, 2 to 1, with an unearned marker that climaxed a brilliant pitching duel between Kingston's Dan Kegan and Steve Adametz of the Bees.

Three unearned runs represented all the scoring in a swift two hour game replete with fielding

thrills that are commonplace these days at the stadium.

Adametz permitted only four hits, two by Don Newman, and struck out ten. Kegan was almost as effective, giving up six and striking out five.

Ralph Matzer's error paved the way for the winning run in the eleventh. Skinner got a life on the miscue, raced to third on Blos' solid single to right and scored after Arekellian's fly to deep center.

**Mutt Squeeze Play**  
Kingston's lone marker was the result of two successive infield bores, a stolen base and Newman's single to short right. The big break occurred in the seventh when Max Goldsmith doubled to center and advanced on Ed Butka's infield out. With Newman at the plate a signal for a squeeze play was given and Newman's single to short right.

Bridgeport picked up a cheapie in the first. The leadoff, Blanco, walked, Skinner flied out. On Blos' sharp single to right, Ed Kobesky nailed Blanco going into third with a beautiful bunt. Blos taking second from where he scored when Butka booted Arekellian's grounder.

**Colonial Chatter**  
No home game until Saturday night when colorful Zeke Bonura and the Stamford Pioneers come into town for a single engagement at 8:30. Kobesky showed real flashes of speed in right field with a gaudy running catch of Abreu's sinking bloop in the second. Ed also made a great play to hold Blos' smash to a single in the ninth. Abreu almost was robbed again in the fifth when Ed McNamara made a sensational stop of his bounce over second but couldn't make the play at first. Johnny Elenchin's running catch on Adametz in the third was one of the outfield gems of the season. The Colonials spend the next four nights playing five games in Waterbury against the New York Yankees.

## Chiefs Stretch Lead to 1½ Games

By The Associated Press  
The Poughkeepsie Chiefs were a game and a half in front in the Colonial League baseball race today while Bridgeport moved up to supplant Waterbury in the first division.

The Chiefs, who already have clinched the July 28 All-Star game, turned back second place Port Chester last night, 7 to 4, on a sixth-inning uprising that netted four runs.

Joe Detola, Eddie Irons and Allen Thomaier hit triples in the big frame for Poughkeepsie. Bridgeport took over third place in the standings by beating Kingston, 2-1, in 11 innings while Waterbury was being shelled by Stamford, 13-2.

Steve Adametz pitched a four-hitter to shade Don Kegan in the Bridgeport-Kingston pitching duel. The Bees' winning run came on a long fly by Art Arekellian, that scored a mate from third. Ed Musial blasted a home run and a triple in Stamford's 13-hit attack on two Waterbury pitchers.

## Bagatelles:

Selection of Eddie Kobesky, Max Goldsmith, Ed McNamara and "Red" Turner on the Colonial League's All Star squad for the July 26 battle against the Poughkeepsie Chiefs echoes sentiments of Kingston fans who are sold on those players. . . . They haven't seen too much of Turner but Kobesky, Goldsmith, the Italian-Jewish catcher, and McNamara are big favorites. . . . Ed Butka impressive in local debut despite scarcity of base hits. . . . Eddie's timing is still off but he packs a lot of savoir faire around the first sack. . . . What a charmed life that Harry Bedell leads! . . . In two starts against Port Chester, he yields 20 hits, leaves 25 men stranded and walks off with two victories. That young Melendick of Port Chester who hit one homer and was robbed of another by Don Odell's circus catch against the left field fence is a bright prospect sent down by the Baltimore Orioles of the International. . . . Batted an even .500 in his first 30 at bats.

## The Nineteenth Hole:

That 63 fired by Joe Scheffler against Wiltwyck Sunday at Red Hook is plenty to brag about but still far off the all-time course record of 59 established by Emory Thomas, one-time Red Hook pro who is now a New Jersey hotshot. . . . If Messrs. Locke, Hogan, Mangrum, Demaret and that par-busting crew ever went to work on the flat, par-68 Red Hook layout they'd be shooting an occasional 50. . . . Still 63 is plenty of golf and so was J. Watts Bailey's 64, one of his all-time performances. . . . Ed "Baby Sitter" Tongue fired five consecutive pars from the opening shot. . . . Eddie and Ray LeFevre are giving the editor and alleged golfer, and Ralph Gardner eight bisques in a challenge match next Saturday at Wiltwyck. . . . We hope they don't forget to show up.

## A Bright Young Star:

Carlisle Husta, the old "War Horse" of Wiltwyck beams proudly every time you mention the name of Bud Lenniger, the young star who was recently discharged from the U. S. Navy. . . . a protégé of Husta's, young Lenniger is burning up the uptown layout. . . . In a recent session in which "War Horse" and his partner, Roy Vogt, fished Maurice "The Gent" Davenport and Bill "Champ" Van Aken, 7 down, Lenniger went along, fired the best medal score, 74, and acquired some of the oldest's negotiable currency. . . . Husta shot 75 and Vogt, 76. . . . Carl thinks (the) kid has a real bright future on the links.

## Flotsam and Jetsam:

Jimmy Powers' reaction to the bizarre Ott-Durocher-Shotton scramble is surprising. . . . Absolute silence. . . . The Richmond Giants of the Negro American Association have a 28-year-old shortstop, David Fuller, who has stolen 65 bases in 49 games this season. . . . He doesn't bother to slide, doesn't bother the pitchers with his baseline acrobatics. . . . Just takes a short lead, flaps his long arms, and zooms he's on his way. . . . He has been fooled only three times, twice getting picked off first on too fast a break and the other time by a catcher. . . . Yet, he has not deviated a legal system of stealing first base. . . . Mr. Carlisle Cashin was the only Twaalfskill player to win a prize in the recent inter-club match at Powelton, Newburgh. . . . She won it for fewest putts on 18 greens. . . . Wonder if she is available for lessons.

Don't feel too badly about that one-hitter Guy Coleman of Port Chester hung on the Colonials Sunday night. . . . He's only the best pitcher in the league with 11 wins and one defeat and will start for the All-Stars against Poughkeepsie on July 26. . . . The Colonials welcome all prizes for home runs or other individual achievements of the local legends.

If you hope to keep neighbors' noses out of your business—raise skunks. . . . British scientists have invented what they call a new type of motor car, one without gears, clutch or radiator. . . . Still it must be a lot like the ones the members of our high school set fever. . . . Seneca's softball team of Kerhonkson and Ellenville League is anxious to arrange an all-star softball game between teams in the Ellenville and Kingston circuits. . . . The Seneca is Sgt. J. A. Hopkins of Kerhonkson, phone 209-F-4. . . . How about it, Jake Chichelsky.

**MULLIGAN MIKE SAYS:** That \$417 check from the Detroit American Bowling Congress tournament was nice, to be sure. But that case of Wheaties from General Mills, ah, there was the thrill of a lifetime!

## Major League Roundup

By The Associated Press

**By JOE REICHLER**  
(Associated Press Sports Writer)  
Leo Durocher is off to a splendid start in the toughest baseball job he's ever tackled—managing his erstwhile worst enemies, the New York Giants.

Preparing to tangle with the St. Louis Cardinals in a crucial series with second place perhaps at stake the Giants under Durocher have won three out of four games to pull up within a half game of the runner-up spot, now in a three-way deadlocked race.

More important than their victories, however, is the way these "new" Giants have so quickly caught the spark and fire of Durocher. Leo has been in charge only three playing days, but already he has team hustling and running as never before this season. Yesterday the Giants scored a 14-2 rout of the Reds in Cincinnati.

**Jansen Wins 11th**  
The Giants collected 18 hits against Kent Peterson, Tom Hughes and Walker Cress in one of their biggest batting days of the year. Larry Jansen went the route for his 11th victory. He permitted only seven hits, including Hank Sauer's 28th home run, that tied Sauer and Ralph Kiner of Pittsburgh for the major league lead.

The Pittsburgh Pirates moved into a three-way tie with Brooklyn and St. Louis for second place when they won a 1-0 shut-out victory over the National League leading Boston Braves. All three teams now trail by seven and a half games. Danny Murtaugh's infield single off the glove of pitcher Johnny Sain in the seventh scored Ralph Kiner from third with the only run of the game.

Although tagged for 11 hits including Andy Pakko's 16th home run, Emil (Dutch) Goedert pitched the sixth place Philadelphia Phillies to a 5-4 victory over the cellar-dwelling Chicago Cubs.

**Athletics Win Two**  
The Philadelphia Athletics narrowed Cleveland's American League lead to one game when they swept both ends of a twilight-night doubleheader from the Chicago White Sox, 6-0 and 6-4.

Dick Fowler pitched a seven-hit shutout in the opener for his ninth victory. He has lost only two.

Phil Marchildon gained credit for his seventh victory in the nightcap. He also limited the Sox to seven hits, but five came in the fourth to give the Chicks all their runs.

The Indians overcame an early 6-3 deficit to win an 11-inning thriller from the Washington Senators, 7-6. A single by Bob Kennedy scored Larry Doby from second with two out to give Steve Gromek, the Tribe's seventh pitcher, the victory. Kennedy had saved the game for Cleveland in the last hit of the 10th when he speared Al Kozar's drive with one out and nipped Ed Stewart attempting to score from third after the catch. Stewart had a perfect day at the plate with five for five.

**Gordon Gets 200th**  
Washington knocked Bob Lemon off the hill with a five-run second inning to offset a 3-0 lead piled up by the Indians in the first. Joe Gordon accounted for the Indians' runs with a home run. It was his 18th of the year and the 200th of his major league career.

Bobby Doerr slammed a home run off Fred Sanford with the bases loaded in the first inning for all of Boston's runs as the Red Sox defeated the St. Louis Browns, 4-1, at Boston. It was Dier's 17th of the season.

Rain washed out a game between New York and Detroit at the Yankee Stadium after only one inning had been completed. The Yankees had taken a 3-0 lead; Yogi Berra supplying two of the runs with a home run.

A stroke behind Scheffler came J. Watson Bailey of Wiltwyck who put together rounds of 31 and 3 for a sizzling 64, one of the best performances of his long career. The Red Hook course is a par-68 layout.

Ed "Baby Sitter" Tongue and Ray LeFevre saved Wiltwyck from an almost complete washout by scoring a 3-0 victory over Dr. B. Cunningham and B. Lapham. Other Wiltwyck points were scored by J. W. Bailey-E. LeFevre (1); M. Davenport-Roy Vogt (1/2) and Billy Van Aken-B. Newkirk (1/2).

## Grand Jury Hands Up Indictments in Communist Probe

New York, July 20 (AP)—A special federal grand jury which reportedly has been investigating Communist activities for more than a year today handed up sealed indictments.

Earlier, the New York Sun said the grand jury was expected to indict at least a dozen Communist officials, charging them with operating a Moscow-directed move to overthrow the U. S. government.

Federal Judge Vincent J. Lel-bell ordered bench warrants issued at the request of U. S. Attorney John F. X. McDohey. He requested the jury "subject to call."

The number of defendants indicted was not disclosed.

The Sun reported the following: A grand jury has been meeting here for more than a year, hearing witnesses on the basis of evidence gathered by the F. B. I. Hundreds of Communists have appeared before the grand jury.

Attorney General Tom Clark, keeping a close watch on the grand jury activity, has kept it shrouded in a veil of secrecy.

The grand jury action is timed, either by design or accident, the Sun said, to embarrass acutely the Communist backers of Henry Wallace. The Wallace third party convention opens Friday in Philadelphia.

The Sun said it has the names of the Communists to be indicted, adding:

"The list includes several well known party officials. Others are not so well known, but are alleged to have worked consistently on behalf of the party out of the limelight. Several are long-time residents of the United States, but not citizens."

First tip to the F. B. I. on the alleged Moscow-directed ring in the United States came from a woman member of the Communist Party, the Sun said. The news story added:

"The outgrowth of the grand jury action, if the indictments are successfully prosecuted, will be further indictments against those party members who were employed by the New Deal in government jobs which required taking an oath of allegiance to the United States."

"If pursued and upheld in higher courts, the indictment of the top Reds will serve as a backdrop for possible conviction of many others."

If successful, it is assumed that all Communist Party members face the likelihood of the same charge.

"It is understood now that actual evidence of espionage was not a factor in the production of indictments that would hold in court. The F. B. I. is working on several facts of the investigation, and will continue to do so, regardless of the outcome of the action against the party leaders."

lines to be observed during the truce.

Bernadotte told newsmen on Rhodes that unlike the recent four-week armistice, there is no time limit set for the present truce, he added.

"There's no special hurry. We want to get in contact with both parties and work on a mutual basis toward a Palestine peace."

A member of his staff said Bernadotte is not expected to negotiate any conditions governing the truce. "If any conditions are made," the staff member continued, "it will be up to the Security Council to accept or reject them."

In accepting the truce two days ago, the Arab League's Political Committee listed these three conditions which it said it would insist upon:

Jewish immigration into Palestine must cease for the present.  
Palestinian Arab refugees must be able to return to their homes.  
A time limit must be set for the truce period.

Schuman's cabinet resigned even though the Assembly had not taken a formal vote of no confidence. The French Constitution requires that after two consecutive governments have been overthrown by votes of no confidence, a new national election must be held.

Political circles said Schuman's maneuver of quitting before the Assembly called a confidence vote was designed to get around the constitutional provision and prevent an election.

Observers believe a new election would favor De Gaulle's group and possibly the Communists. The Socialists and popular Republicans, on the other hand, might lose strength.

## Late Bulletin

Frankfurt, Germany, July 20 (AP)—Gen. Lucius D. Clay, U. S. commander in Germany, was summoned to Washington today to report on the Berlin crisis. Clay will fly from Frankfurt tonight or tomorrow, accompanied by his political adviser, Ambassador Robert D. Murphy. The full nature of their talks in Washington was not disclosed. Officials said only the two men would report to the Department of the Army on the situation in Germany.

worthless for the primary function of buying food.

In Frankfurt Gen. Lucius D. Clay, American military governor, showed skepticism of the Russian offer to feed all Berlin.

"The proof is in the performance, not in the statement," said the U. S. commander, whose planes have been flying nearly 1,500 tons of food and coal a day over the Russian land blockade.

Clay flew to Frankfurt from Berlin for a meeting of the British, French and U. S. military governors with German officials to discuss plans for forming a new German government in the three western zones.

(Morning newspapers in Moscow said the decision to supply food for Berlin was taken by the Soviet council of ministers acting on the request of the Soviet military administration in Germany).

Russian-controlled newspapers in Berlin again attempted to discredit the American-British air lift supplying the blockaded western sectors of the city.

"The air bridge is without avail," all Berliners can buy their rations in the Soviet sector in the future," the Communist press said.

Russian fighter planes have "buzzed" the British airplane in an allied air corridor near the Elbe river. They did not come close to allied planes. Pilots said they believed the Yaks were involved in routine training tests.

The Soviet air acrobatics over the airfield occurred yesterday.

**Air Control Notified**  
A British official said Russian authorities had notified the Four-Power Air Control Center earlier that a flight of Yak fighter planes would be flying into Berlin.

American officials said there were 12 Yaks in the formation and two of them swooped low over Gatow airfield, the British base, yesterday. They added that the same pair then zoomed upward and made a "belly pass" at an American C-54 transport which was passing the field at that moment.

The Americans said they thought the Russians had mistaken Gatow field for their own airport only six miles away.

The British official said the Russians did not make a mock attack on the American plane. They did barrel roll over the field, however, he said. The British reported the incident to a Soviet representative at the Air Control Center, who was quoted as saying: "I'll look into it."

Leaders of the five nation European union meeting at the Hague, viewed the Berlin crisis as "extremely grave" and urged extreme caution in dealing with the Russians. Britain, France, The Netherlands, Belgium and Luxembourg make up the union.

In Washington John Foster Dulles, Gov. Thomas E. Dewey's foreign affairs advisor, and the British ambassador, Sir Oliver Franks, were called in by the administration yesterday to confer on the Russian blockade.

Enrollment in the 1948 summer session of the P. E. Teachers' College is 359, the largest of any year since the war, according to President William J. Haggerty.

At the recent annual meeting of the Central Rural School District a budget of \$158,104 was approved by 128 to 1 and approval for purchasing additional land was favored by 138 to 2. Dr. C. H. Hopenstedt was the unanimous choice of the meeting to take the place on the Board of Education of John Moran, a charter member, who has served faithfully over a long period of years.

**Food, Drug Departments Investigate 'Master Cell'**  
Middleboro, Mass., July 20 (AP)—Farmer John Brown's "master cell" was being investigated today by U. S. government officials.

Cyril Sullivan, chief of the Boston office of the U. S. Pure Food and Drug Administration, described as "routine" the probe of the "master cell" claimed by farmer Brown to make crops grow faster and to combat poultry and cattle diseases effectively.

Sullivan said "so far as I know, there's absolutely no scientific basis for any claims made and no proof of results has been obtained."

He added that all reports of the probe will be sent to Washington "in a day or so" and that results would be announced there.

Farmer Brown, a 61-year-old retired pharmacist, welcomed the investigation with the announcement: "We're 10,000 years ahead of the world and we can prove it."

He said he intends to put use of the "master cell" to farmers so they can produce bumper, healthy crops.

He added that he has had to return checks from many persons who asked for the "master cell" to attempt to cure human diseases.

Farmer Brown explained that a colloidal solution containing "master cells" is encased in a porous cement matrix. The matrices, he said, are placed in wells or in the soil to pass into the metabolism of poultry, animals or plant life.

## Dr. Harrison Is Promoted in V. A.

Has Position in Hospital Next to Highest Grade in Medical Center

Dr. Isabelle Harrison of Charlottesville, Va., daughter of the former Isabelle Clarke of Kings- ton and Burwell Harrison of Virginia, and a niece of Mrs. James O. Winston, has been promoted at the Newton D. Baker Veterans Administration Center at Martinsburg, W. Va., it was learned here today.

Dr. Harrison, who was attached to the center since its opening and was its chief of general surgery for the past year, was recently promoted to senior grade, a position next to the highest grade in the Department of Medicine and Surgery in the Veterans Administration.

The announcement was made by Dr. E. L. Cook, manager of the center.

Dr. Harrison is a graduate of Johns Hopkins Hospital and surgery, where her training in surgery at the Church Home and Infirmary in Baltimore. She recently took the examinations of the American Board of Surgery and became a "diplomat" of that board.

trip from the bank to the post-office every morning.

Mrs. Brown said one of the men whom she saw getting into the car was about five feet, nine inches tall and was wearing dark glasses. She said she thought he had a small moustache. She was unable to give a description of the other man.

The woman said the car headed down Port Watson street, which is a route leading toward Binghamton.

The holdup occurred about 10:45 a. m. The messengers had walked south along Main street until they were opposite the post office, crossed the street and were heading for the driveway alongside the building when, Miller said, he felt a prod in the back.

Mrs. Brown said she thought the getaway car bore a license number starting either with 4W or 7W.

Two robberies in western and southern New York were carried off under similar circumstances last year.

Last September 9, a bank teller was robbed of \$25,000 in a street holdup at Hamburg, and, December 9, two men robbed a bank employee of \$22,000 at gunpoint on a street in Waverly. Neither crime has been solved.

Grasshopper Glacier, at the eastern edge of Yellowstone Park, is so named because of myriads of grasshoppers frozen into the ice.

### Maverick Concert Thoroughly Enjoyed

Woodstock, July 20—Unsurpassed during the 30-year history of Maverick concerts was the attendance and fervor displayed by the hundreds of music lovers who filled to overflowing the concert hall on Sunday afternoon when the very prominent Leon Barzin, William Kroll, Inez Carroll and Cynthia Eddy played.

Somewhat unusual was the thunderous applause spontaneously given at the conclusion of the first movement of Mozart's Symphonie Concertante for Violin, Viola and Piano. It was the first time the Allegro Maestoso movement and the artists left nothing to be desired in their majestic interpretation of this as well as the other movements of the composition, including the Andante and Presto.

The Piano Quartet in C Minor, Opus 15, for piano, violin, viola, and cello by the French composer, Gabriel Urbain Faure, was magnificent.

Shouts of bravo were forthcoming from many in the audience as the artists completed their difficult program and were recalled to the platform many times to acknowledge the ovation given them by their listeners.

Seldom does one have the opportunity to hear in one program four artists such as those on the Maverick platform Sunday afternoon. William Kroll, violinist, is perhaps one of the best known of the chamber music groups and tours the country each year with his Kroll Quartet. Leon Barzin, violinist, and cello by the French composer, is conductor of the National Orchestral Association, music consultant of WQXR, and director of the Ballet Society. Cynthia Eddy is the cellist with the Minneapolis Symphony Orchestra and Inez Carroll, who performed so brilliantly, is a well-known concert pianist.

Six distinctive paintings were on view in the concert hall and represented the work of Denny Winters, Woodstock artist, who recently won a Guggenheim award.

### McCarthy Exhibit His Best to Date

Woodstock, July 20—Three paintings by C. J. McCarthy were sold during the reception and preview of his current exhibition at the Town House on Friday afternoon when Sam Schwartz was host to the more than 100 invited guests. Included in the exhibition which will be open to the public daily through July 31, are 20 oils and several drawings.

A tendency toward the abstract was noted in a few of the McCarthy paintings, particularly was this true of "Famine Displaces Abundance." On view are Along the Hudson; From the West Shore into Kingston Harbor; Subsidence of Sea; Sulphur Pond at Ewings; Winding Stream; Ice Bound Inlet; Mother Africa; Early Morning; Where the Stream Turns; Late Evening at Sea; Plowed Ground; Snow Stretches Along Hudson; Red Roofs; Wind; Eve and Her Apple. Those sold are: Yellow Barns, to Miss Virginia Seagr, Boltonville, and to Dr. George D. Kudler, Brooklyn, South of France and Early Snow.

Many of the guests commented

upon the show and stated that they considered it to be the most interesting one McCarthy has had.

**Library Extension**  
Woodstock, July 20—In Wittenberg, the library extension work will be in charge of Lloyd Van Elten who will be at the schoolhouse every Wednesday afternoon from 1:30 to 3:00 when books may be selected.

### Author Guest to Direct His Play at Maverick

Woodstock, July 20—Another new play, Lullaby, by Bob Guest, will have its premiere performance at the Maverick Summer Theatre on Wednesday evening, July 21, and continue through Sunday evening, July 25. Featured in its cast will be Tom Reddy, producer of the Maverick Summer Theatre and Roy Graves, set designer for the group.

Author Guest has his bachelor degree in speech and drama and last winter was director of the Vermont Repertory Theatre. He has joined the Maverick company to direct this week's production.

Lullaby has a small cast but every role is important to the overall mood of the production. The cast will include Kay Dawn, Katherine Guilford, Helen Bernstein and Richard Williams.

### Forum Will Discuss International Organization

Woodstock, July 20—Appronches to International Organization will be discussed at the next meeting of the Woodstock Forum on Thursday evening, July 22 in Town Hall at 8 o'clock. Taking part in this important topic will be Dr. James T. Shotwell, Professor Emeritus of the History of International Relations, Columbia University, who will represent the American approach to the United Nations.

Dr. Eric Kahler, visiting Professor of History at Cornell, will present the Chicago Plan of the Committee for World Constitution. The World Federalists' point of view will be given by Samuel Levering, of the National Executive Council of the United World Federalists and chairman of the Council of the Telluride Association, an educational endowment. The moderator for this meeting will be Dr. Frank G. Boudreau, executive director of the Milbank Fund, vice-chairman of the Advisory Committee of Nutrition, F.A.O. and chairman of the Food and Nutrition Board of the National Research Council.

An unusually large attendance is expected for this forum.

The 440,000 acres of winter wheat represents a sharp increase over the 283,000 acres sown in 1947. A yield of 11,880,000 bushels is predicted. Last year's crop was 9,192,000 bushels.

The 1948 spring wheat crop was estimated at 95,000 bushels, which compares to 80,000 bushels last year.
